

**Proposed Revision to the State Implementation Plan for Southeastern Pennsylvania Area  
(Bucks, Chester, Delaware, Montgomery and Philadelphia counties) included in the  
Philadelphia - Wilmington, Atlantic City, PA-DE-MD-NJ  
Eight-Hour Ozone Nonattainment Area;  
Public Hearing**

Ground-level ozone concentrations above the health-based eight-hour ozone National Ambient Air Quality Standard (NAAQS) pose a serious human health threat and can also cause damage to crops, forests and wildlife. The Commonwealth of Pennsylvania is seeking public comment on a revision to the State Implementation Plan (SIP) for the Southeastern Pennsylvania area included in the Philadelphia-Wilmington-Atlantic City, PA-DE-MD-NJ eight-hour Ozone Nonattainment Area (Philadelphia Nonattainment Area). Effective June 15, 2004, the Pennsylvania portion of this "moderate" eight-hour ozone nonattainment areas, consists of Bucks, Chester, Delaware, Montgomery and Philadelphia counties.

The Commonwealth is seeking public comment on a revision to the State Implementation Plan (SIP) for this area. This document contains information on ozone trends in the area, decreases in emissions of ozone precursors and shows that the area meets all requirements necessary for an approvable State Implementation Plan (SIP) revision for a "moderate" nonattainment area. The plan demonstrates how the area will attain the health-based eight-hour ozone NAAQS by June 2010 by presenting evidence from photochemical modeling, ozone trends and regional transport impacts. The plan demonstrates how it will meet 2008 and 2009 reasonable further progress milestones for emission reductions through state and federal control measures. It also contains the base year 2002 emissions inventory, a reasonably available control measure analysis, a contingency plan to bring the area back into attainment should violations of the NAAQS after the standard is attained, and mobile source emission budgets for purposes of transportation conformity. After consideration of comments received, the SIP revision will be finalized and submitted to the EPA for approval.

This proposal is available on the Department's website at [www.depweb.state.pa.us](http://www.depweb.state.pa.us) (choose "Air Topics") or through the contact persons listed.

The Department will hold a public hearing to receive comments on the proposals on Friday, June 22, at 1 p.m. at the Department of Environmental Protection's Southeast Regional Office, 2 East Main Street, Norristown, Pennsylvania. Persons wishing to present testimony at the hearing should contact Yvette House, P.O. Box 8468, Harrisburg, PA 17105, (717) 787-9495 or [yhouse@state.pa.us](mailto:yhouse@state.pa.us) to reserve a time. Persons who do not reserve a time will be able to testify as time allows. Witnesses should keep testimony to 10 minutes and should provide two written copies of their statement at the hearing.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact Yvette House at (717) 787-9495 or [yhouse@state.pa.us](mailto:yhouse@state.pa.us). TDD users may contact the AT&T Relay Service at (800) 654-5984 to discuss how the Department can best accommodate their needs.

The Department must receive comments no later than June 26, 2007. Written comments should be sent to the attention of Arleen Shulman, Division of Air Resource Management, Bureau of Air Quality, P.O. Box 8468, Harrisburg, PA 17105-8468, [ashulman@state.pa.us](mailto:ashulman@state.pa.us). Please use "Philadelphia Ozone SIP" in the subject line.

KATHLEEN A. MCGINTY,  
Secretary
