

Are you on top of things?

Over one million Pennsylvanian homes sit on top of abandoned or inactive mines. Most homeowner's policies do not cover damage caused by mine subsidence. Mine Subsidence Insurance, a non-profit fund administered by the Department of Environmental Protection, can protect your investment. Often, for less than \$100 a year.

Get Mine Subsidence Insurance.

To find out if you're sitting on top of an abandoned mine...

Call 1-800-922-1678

go to www.PAMSI.org, or complete
and mail the form below.

And if there's **active** mining beneath your property, we have a staff dedicated to answering questions and helping you resolve problems. You are not alone. We are here to help. For active mining answers, call 1-724-941-7100. Or visit www.PAMSI.com
