RE: Comments on Land Recycling and Waste Management Document No. 254-2100-101

Dear Mr. Guerra:

I have read your proposed guidance and find it very well written. However I am concerned that Environmental Justice issues and guidance are not taken into sufficient consideration in this document. Therefore, I would like the department to consider adding the proposed sentence to the document to be placed in Land Recycling and Waste Management Document No. 254-2100-101, Environmental Assessment Process, Phase I Review, on page 3 under Technical Guidance, Section 1-Evaluation of Environmental Assessment, 1-General Principles, between the first and second paragraph the following:

"In considering harms, the reviewer is to consult the Department's Environmental Justice policies, including the June 2001 recommendations of the Environmental Justice Workgroup, and the current recommendations of the Environmental Justice Advisory Board."

Thank you in advance for your consideration.

Yours truly,

Deborah E. Kilmartin, CHMM
Citizen and member of PADEP Environmental Justice Advisory Board
